located at 2021 East 28th Street, San Angelo, **Tom Green County**, Texas. (Scott Gronewald, Susan Jere White, and John Williams)

MISCELLANEOUS MATTERS

- Item 76. [Docket No. 2006-0407-UCR](#). Consideration of a request for a Commission order approving a contract designating service areas between the **City of Waco** (Waco), sewer Certificate of Convenience and Necessity (CCN) No. 20010, and the **City of Woodway** (Woodway), sewer CCN No. 20014, in **McLennan County**, Texas, pursuant to Section 13.248 of the Texas Water Code. The parties seek the Commission's approval of their contract, which would result in the Commission amending the parties' sewer CCNs to dually certify Waco and Woodway as the sewer service providers to an approximately 22 acre tract that is currently within Woodway's CCN No. 20014. (Christiaan Siano, Lisa Fuentes)
- Item 77. [Docket No. 2008-0942-MIS](#). Consideration of gifts and donations of \$500.00 or more in value given to the TCEQ, submitted for approval in accordance with Chapter 575 of the Texas Government Code, concerning acceptance of gifts by certain state agencies. (David Timberger)

STATE IMPLEMENTATION PLAN

- Item 78. [Docket No. 2008-0686-SIP](#). Consideration for publication of, and hearing on, proposed Eight-Hour Ozone Redesignation Request and Maintenance Plan State Implementation Plan Revision for the **Beaumont-Port Arthur** (BPA) area. The proposed SIP revision would request that the United States Environmental Protection Agency redesignate the BPA area to attainment for the 1997 eight-hour ozone National Ambient Air Quality Standard (NAAQS) and provide a Maintenance Plan that will ensure the area remains in attainment of the NAAQS through 2021. (Walker Williamson, John Minter) (Rule Project No. 2008-006-SIP-NR)

STANDARD PERMIT MATTERS

- Item 79. [Docket No. 2008-0824-AIR](#). Consideration for issuance of a new air quality standard permit for permanent rock and concrete crushers under 30 TAC Chapter 116, Subchapter F, Standard Permits. The new standard permit will be effective July 31, 2008. The issuance of the air quality standard permit for permanent rock and concrete crushers would replace the current permit by rule for rock crushers. Notice of the proposed new standard permit was published in the February 15, 2008, issue of the *Texas Register* (33 TexReg 1413). (Blake Stewart, Erin Selvera)

- Item 80. [Docket No. 2008-1031-AIR](#). Consideration for issuance of amendments to the air quality standard permit for temporary rock and concrete crushers under 30 TAC Chapter 116, Subchapter F, Standard Permits. The amended standard permit will be effective July 31, 2008. The amendments to the air quality standard permit for temporary rock and concrete crushers would provide additional flexibility for facilities located at public works projects and provide consistency with the air quality standard permit for permanent rock and concrete crushers. Notice of the amended standard permit was published in the February 15, 2008, issue of the *Texas Register* (33 TexReg 1413). (Blake Stewart, Erin Selvera)

RULE MATTERS

- Item 81. [Docket No. 2008-0919-RUL](#). Consideration of a petition for rulemaking under **30 Texas Administrative Code, Chapter 20**, Rulemaking, Section 20.15. The petition requests rulemaking changes to 30 TAC Chapter 114, Control of Air Pollution from Motor Vehicles, Subchapter J, Operational Controls of Motor Vehicles, Division 2, Locally Enforced Motor Vehicle Idling Limitations. The National Armored Car Association is requesting that an exemption for armored vehicles from idling restrictions be added to the current list of exemptions under §114.517. (Theodore Kosub, John Minter) (Rule Project No. 2008-023-PET-NR)
- Item 82. [Docket No. 2008-0600-RUL](#). Consideration for publication of, and hearing on, the proposed repeal of §§299.1-299.5, 299.11-299.18, 299.21-299.31, 299.51, and 299.61; and proposed new §§299.1-299.7, 299.11-299.17, 299.21-299.33, 299.41-299.46, 299.51, 299.52, 299.61, 299.62, 299.71, and 299.72 of **30 TAC Chapter 299**, Dams and Reservoirs. The proposed rule repeals the existing rule. The proposed rule relates to dam design; construction plans and specifications; construction; operation and maintenance; inspections; removal; emergency management; and site security. The proposed rule updates existing criteria to make them more consistent with current engineering practices. The proposed rule adds requirements for emergency action plans, gate operating plans, security plans, and better defines the dam owner responsibilities. The proposed rule requires new dams to meet certain design standards and requires additional nonstructural requirements of existing dams. The proposed rule removes small and intermediate-size, low-hazard dams from the periodic inspection schedule, and establishes an inspection frequency of five years for high and significant-hazard dams and large, low-hazard dams. The proposed rule allows inspections by the owner or the owner's representative in lieu of agency inspections. The proposed rule changes the definition of "dam", thus reducing the number of small, low-hazard dams under the regulation of the agency. The proposed rule updates all relevant cross-references and citations. (Warren D. Samuelson, Robin Smith) (Rule Project No. 2008-005-299-CE)
- Item 83. [Docket No. 2007-1043-RUL](#). Consideration of the adoption of amended Sections 335.6 and 335.25 of **30 TAC Chapter 335**, Industrial Solid Waste and Municipal Hazardous Waste. The adoption would implement House Bills 1457 and 1719, 80th Legislature, 2007, Regular Session. The adoption would eliminate the requirement for landowners to notify the Commission of on-site burial of animal carcasses provided they have an approved water quality management plan for that site. The adopted rule would also eliminate the use of poultry carcasses as swine food. The proposed rules were published for comment in the February 1, 2008 issue of the *Texas Register* (33 TexReg 895). (Tom Weirich, Tim Reidy) (Rule Project No. 2007-042-335-PR)
- Item 84. [Docket No. 2007-0996-RUL](#). Consideration of the adoption of amended Sections 293.11, 293.32, 293.41, 293.63, 293.201, and 293.202 of **30 TAC Chapter 293**, Water Districts. The adoption would implement House Bill (HB) 576, HB 1127, HB 1886, HB 2984, HB 3378, HB 3770, and Senate Bill 657, 80th Legislature, 2007, relating to water districts. The adopted rulemaking would require that a district must accept a bid bond if a contract is over \$250,000; allow certain districts within Montgomery County to issue bonds supported by taxes to fund recreational facilities; allow a defined local governmental entity limited use of a design-build process to construct certain civil works projects; revise the qualifications to be a supervisor on the board of a Fresh Water Supply District (FWSD); allow a city with a certain population, when

consenting to the creation of a district, to require that a district's water system meets the fire flow requirements adopted by the city; allow a petitioner seeking creation of a Municipal Utility District (MUD) to also request road powers at the time of creation; delete the requirement that a MUD have taxing authority before acquiring road powers; delete the requirement that a MUD have preliminary plan approval of proposed roads by the Texas Transportation Commission when obtaining road powers; define the types of roads that a MUD can finance and convey to a third party for operation and maintenance; increase the thresholds for bidding on district projects; and, allow the board of a special law district to elect to contract in accordance with Texas Water Code, Section 49.273, even if it conflicts with provisions in the district's special law. The proposed rules were published in the February 29, 2008 issue of the *Texas Register* (33 TexReg 1749). (Randy Nelson, Shana Horton) (Rule Project No. 2007-047-293-PR)

- Item 85. [Docket No. 2007-0995-RUL](#). Consideration of the adoption of amended Sections 230.1 - 230.3 and 230.9 of **30 TAC Chapter 230**, Groundwater Availability Certification for Platting. The adoption would implement Senate Bill (SB) 662, 80th Legislature, 2007. SB 662 requires the commission, in consultation with the Texas Water Development Board (TWDB), by rule, to require a plat applicant for the subdivision of a tract of land for which the intended water source is groundwater to provide the TWDB and any applicable groundwater conservation district (GCD) additional information required under Local Government Code, Sections 212.0101 or 232.0032, useful in performing GCD activities, conducting regional water planning, maintaining the TWDB's groundwater database, or conducting state studies on groundwater. In addition to the SB 662 changes, the adopted rulemaking would update citations to the Local Government Code and reference to the authority for laboratory accreditation and certification, arrange the definitions in alphabetical order, update the reference on state aquifers to reflect the most recent State Water Plan, and add definitions for "applicable groundwater conservation district or districts" and "executive administrator." The proposed rules were published in the February 29, 2008 issue of the *Texas Register* (33 TexReg 1744). (Kelly Mills, Ross Henderson) (Rule Project No. 2007-045-230-PR)
- Item 86. [Docket No. 2007-1808-RUL](#). Consideration of the adoption of the proposed repeal of **30 TAC Chapter 106**, Permits by Rule, Sections 106.142, Rock Crushers, 106.147, Asphalt Concrete Plants, and 106.223, Saw Mills. The adoption would repeal the permits by rule (PBRs) for rock crushers, asphalt concrete plants, and sawmills. The asphalt concrete plant PBR has not been available for use since 2003, and the rock crusher and sawmill PBRs are being replaced with standard permits. The proposed rules were published in the February 15, 2008 issue of the *Texas Register* (33 TexReg 1235). (Blake Stewart, Tim Eubank) (Rule Project No. 2007-011-106-PR)
- Item 87. [Docket No. 2008-1928-RUL](#). Consideration of the adoption of the repealed **Sections 335.401-335.403 and 335.405-335.412** and **new Sections 335.401-335.405, 335.407, 335.409, 335.411, 335.413, 335.415, 335.417, and 335.419**. The rulemaking would update requirements for the collection and disposal of household hazardous waste. The adoption would change the name of the subchapter; add and expand exclusions; allow the executive director to waive requirements if needed for disasters or emergencies; update requirements for notifications to the commission on collections; require reports on waste collected (date changed from proposal); remove the requirement to submit operation plans to the commission and require that the plans be followed during collections and used for training; specify who is responsible for meeting certain requirements; update provisions for proper transportation and disposal of wastes; provide provisions for the use of mobile collection units, and revise provisions for point of generation

pick-up services; note other federal and state regulations that may apply to collections; clarify and augment training requirements for specific collection duties; remove requirements for permitted hazardous waste facilities accepting hazardous household waste, except for reporting on waste received directly from households; and clarify that household hazardous waste that is offered for reuse remains household hazardous waste if it is disposed rather than accepted for reuse. The proposed rules were published in the February 15, 2008 issue of the *Texas Register* (33 TexReg 1239). (Joseph Thomas, Diane Goss) (Rule Project No. 2007-005-335-AD)

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

1:00 P.M.

12100 Park 35 Circle

Room 201S, Bldg. E

- Item 1. [TCEQ Docket No. 2006-1661-PST-E; SOAH Docket No. 582-07-2361](#). Consideration of the Administrative Law Judge's Proposal for Decision and Order assessing administrative penalties against **C.B. Express, Inc., dba Discount Beer & Cigarettes** in **Denton County**, Texas; RN101274389; regarding petroleum storage tank violations pursuant to Tex. Water Code chs. 7 and 26, and the rules of the Texas Commission on Environmental Quality. The Commission will also consider timely filed exceptions and replies. (Benjamin O. Thompson)
- Item 2. [Docket No. 2008-0860-WR](#). Consideration of the Motion to Overturn filed by **GSHS Customer Service Building 1, Ltd.**("Movant"), which requests that the Commission overturn the Executive Director's issuance of Permit No. 12225 to the Movant because of discrepancies over the term of the permit and the river basin description contained on Page 3 of the signed permit. The ED issued the uncontested permit in accordance with Chapter 11 of the Texas Water Code and Chapter 50 of the Commission's rules. Permit No. 12225 is a water use permit issued to the Movant to authorize the impoundment of 15.5 acre-feet of water and a surface area of 2.69 acres for recreation purposes on an unnamed tributary of Grace Creek, tributary of the Sabine River in **Gregg County**. The Commission will also consider the response brief filed by the Executive Director, which recommends that the Commission grant the motion and issue Permit No. 12225 to the Movant with a new Page 3 containing different special conditions. (Robin Smith)
- Item 3. [Docket No. 2008-0941-BGT](#). Consideration and Approval of the Agency's FY 2009 Recommended Operating Budget.
